2021

CHARACTER

2021, a winemaker's vintage. A vintage that demanded perseverance and patience, given the climatic challenges of the season. But what pride in the result. Our Pinot Noirs stand out for their finesse and freshness. The wines of Domaine Rebourseau, delicate and elegant, embody a classicism worthy of the greatest Burgundies.

CHAMBERTIN

GRAND CRU

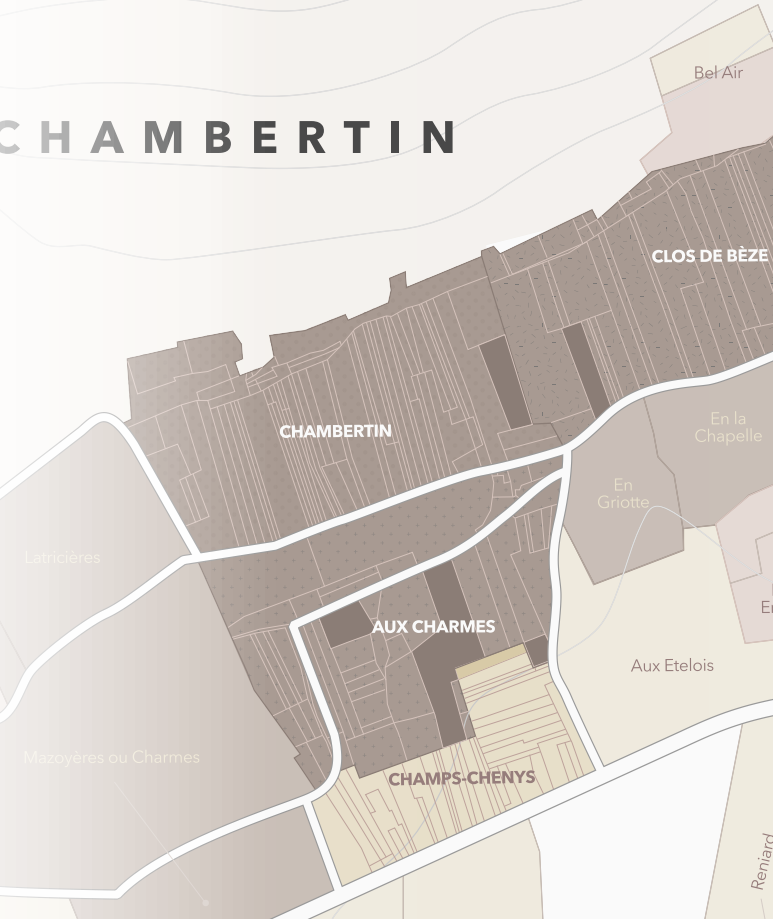
Surface area: 0,46 ha,
Appellation total surface area: 12,9031 ha
Plantation years: 1954 - 1972 – 1978

"Here all is concluded and total genius is achieved. Embodied in the generosity of an ardent liquid flesh cloaked in imperial crimson-purple, this perfume of budding roses at daybreak… But this Caesars' purple is the purple of a King, Chambertin, King of Wines! The sovereign is here in Burgundy; king of life and of joy."

Gaston Roupnel (1871-1946)

CLIMAT

Chambertin is situated upon outcrops of lower Bajocian crinoidal limestone (limestone formed with fossils) in the middle of the hill, while at the top of the slope Bajocian marls dominate. A thin layer of scree and silt covers the entire climat whose soils are exclusively brown limestone.

PLOT


The plots belonging to the Domaine are situated halfway up the hill whose lower part consists of limestone marls rich in clay. Less steep than the Clos de Bèze and noticeably colder due to its proximity to the Combe Grisard, this location benefits from excellent ventilation. The altitude is ideal, stones are abundant and the natural drainage is perfect, while its exposure to the rising sun is incomparable.
